

The Guthrie County Arts Council (GCAC) was conceived in 2011 by a retired art instructor, Palma Cramer, to provide "a place where people...can share their interests and talents" thereby enriching the lives of residents of Guthrie Center as well as Guthrie County.

Our **vision** for GCAC is to create an atmosphere of appreciation for the uniqueness of artistic endeavors for our community and encourage youth in their pursuit of the fine arts.

Our **mission** is to bring together artists/artisans of our county (and the surrounding area), encouraging them to display and sell their work locally; present performing and visual art programs for all ages to showcase local artists; and offer scholarships to encourage Guthrie County high school seniors to pursue art careers.

Our **strength** lies in our volunteers. Joining the Arts Council gives you the opportunity to share interests and enjoy the work of talented people while having fun working together and meeting new friends. We hope you visit the "Art on State" retail store in Guthrie Center and attend programs and events we offer county-wide.

To **join** the Guthrie County Arts Council complete the bottom of this page (you keep the top) and return to the Art on State store, 320 State Street, Guthrie Center IA 50115.
